ABOUT US

Crisp. Fresh. Ready to ship.

We supply and export high-quality apples from the Republic of Moldova, one of Europe's traditional apple-growing countries. Fruit from the 2026 harvest is kept in cold storage and graded, tray-packed and palletised to order for export markets.

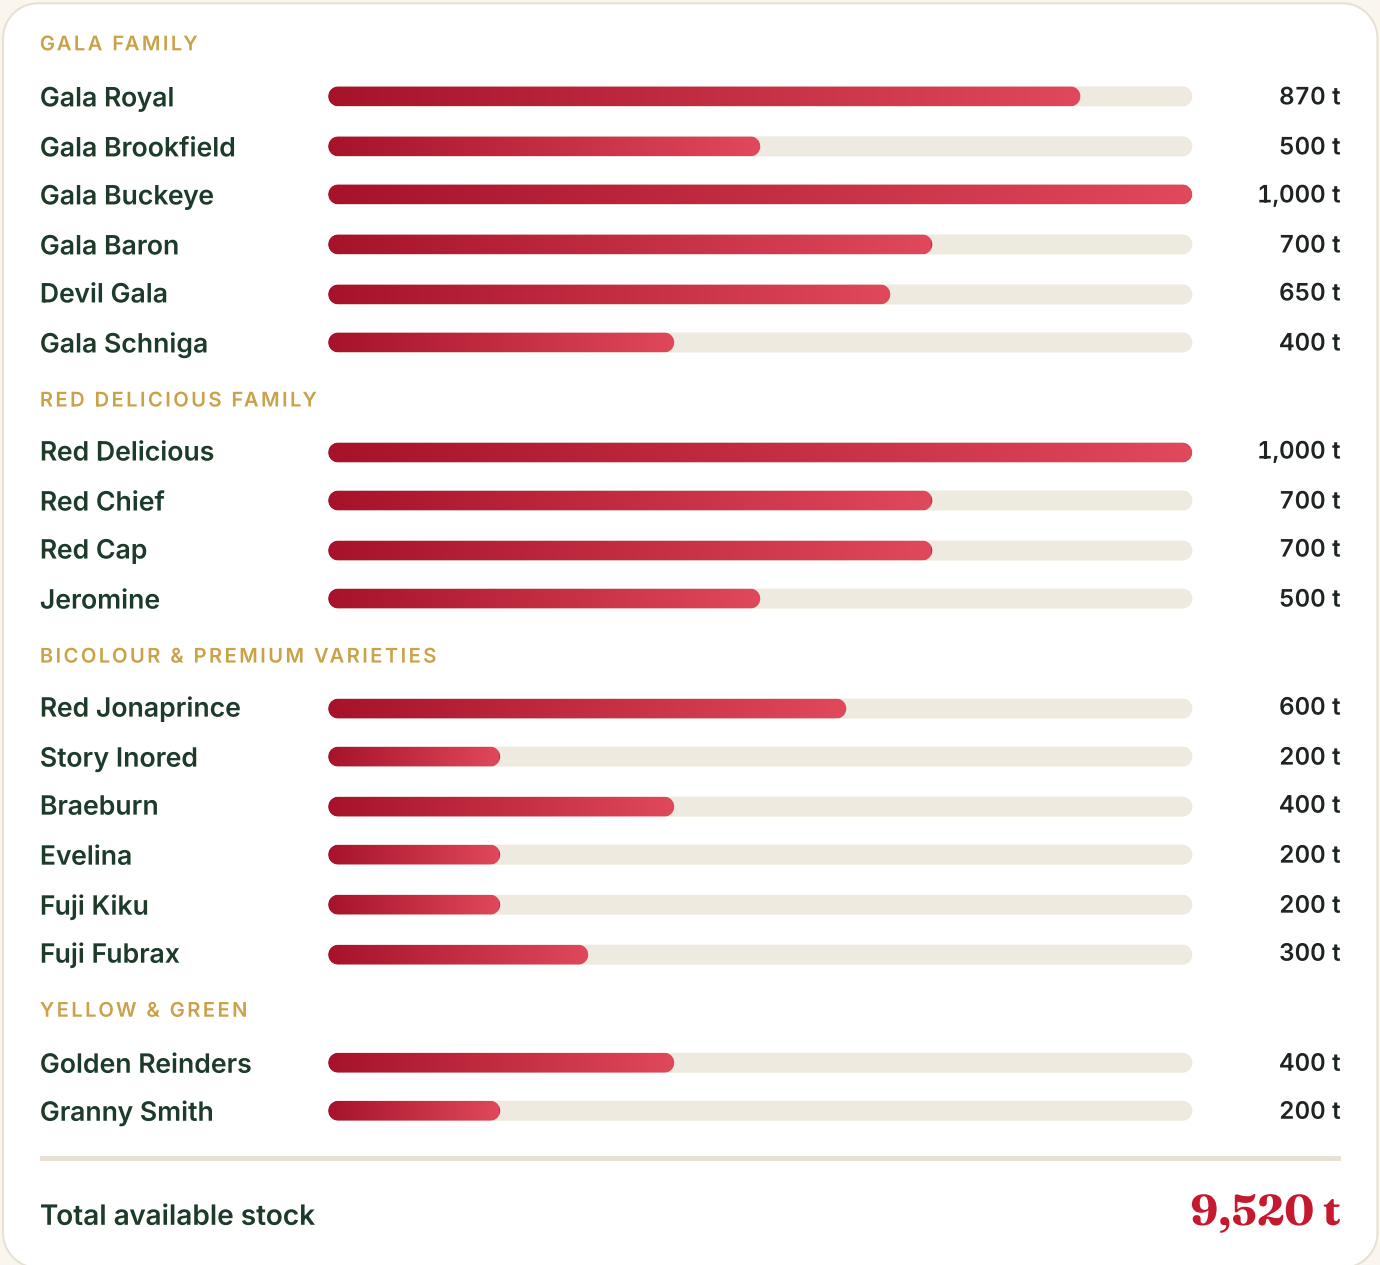

Certifications: GlobalG.A.P.

Best time to visit us

indicative

As soon as possible — November to March — Fruit from the 2026 harvest is in cold storage and the grading and packing line is in full operation, so your team can inspect the stock and approve the first shipment on site.

September – October: harvest season, with fruit still on the trees.
